Finlande 2014

Welcome to Senior Bowling European Championships in Helsinki on 21-28th June 2014

ESBC Finland will apply to host the European Championships in Finland in 2014. The decision will be taken during the summer 2013.

We are set to organize an unforgettable event for all participants. Planning for the event is already under progress. The activities will be centralized to enable minimum transportation between the hotel and bowling centers.

Tali Bowling Center will be the main stage where most competitions will take place. Another bowling center will also be close to the hotel to make the logistics easy.

Scandic Intercontinental has been chosen as the event hotel with location right next to Helsinki city center. Only a stone's throw away is Helsinki downtown as well as the harbor to visit Tallinn during a non-competition day, for example.

We will do our very best that all competition participants and guests will leave with positive memories of the event.

We wish active participation to the event and welcome you all to Helsinki, Finland on 21-28th June 2014.
